

Help Keep Gangs Out Of YOUR COMMUNITY

REPORT GANG ACTIVITY

Contact school or police officials about dangerous and/or illegal things you see. These might include:

- Graffiti
- Houses with unusually large congregations of school kids
- Drug dealing
- Groups of teenagers hanging around school grounds
- Groups of youngsters carrying weapons

GET INVOLVED

- Remove gang graffiti.
- Form community groups that report suspected gang activity.
- Work with neighbors, groups, and churches to provide safe parks, playgrounds, and to keep them clean and crime-free.
- Attend gang-awareness workshops. Invite neighbors, too.
- Support or help establish programs to provide kids with positive activities, such as scouts, sports, and recreation programs.
- Your local police department may have a gang control unit. If not, ask about starting one in your community.
